

Essentials of Contract Law, Loose-Leaf Version

Succeed in your course and prepare for your paralegal career with **ESSENTIALS OF CONTRACT LAW**, Second Edition. Presenting the law of contracts in an understandable and organized manner, the book's effective road map approach to contracts helps you master the details of contract formation, determining the applicable law, unenforceable contracts, and breach of contract. In addition, the author separately addresses the impact of Article 2 of the UCC, federal preemption, and the UNs Convention on the International Sale of Goods (CISG). Cutting through excess verbiage and outdated doctrine, the book develops each rule of law by presenting theory, illustrating it with an example, and providing a problem to give you hands-on practice.
