

British Built Aircraft Volume 3: South East England

Third in a series of five volumes about British aircraft, this book provides a complete record of aircraft construction in South East England. Every manufacturer, no matter how small, in South East England (excluding Greater London) is recorded here, along with many previously unpublished images of the aircraft designed and built in the South East. The aim of the series is to record British aircraft manufacture in nearly all of its manifestations, in the form of a regional survey of the United Kingdom.
