

Sexorcism (paranormal erotica, M/f) (The XXX Files Book 4)

Note: This is part 4 of the XXX Files. If you'd like to catch up, check out Part 1 - Office Quickie, Part 2 - Haunted House Sex, Part 3 - Possessed Oral Fixation, all by Stella Hayne! Paranormal investigators and sex buddies Jack and Sheila are deep in it. Stuck investigating the mysterious Bluewell mansion, Jack first noticed Sheila acting a bit strange. At first, her need to have sex while working wasn't suspicious, but now things have gotten out of hand. She's been possessed by the ghostly spirit of their employer, Amy Bluewell. What's worse, Jake thinks he's been possessed too, by Amy's long dead lover, Mason! As he slips in and out of control of his body, Jake realizes what he must do in order to save both himself and Sheila: conduct a sexorcism. EXCERPT: Death by sex. There were worse ways to go, of course. Sheila? he called out to her, pulling his hand away from himself again. Sheila, you okay? A loud moan was her only answer. Damn, he whispered. His hand had gotten back on his dick somehow and he was pumping himself, his hand sliding hard up his shaft and over his tip, his thumb rubbing against the sensitive rim around the back of his head before he pushed back down and... Stop it! he yelled at himself, at the usurping soul that was fighting to control him. He went quickly to the hard case they used for the more delicate equipment and took out a glass containment jar, making sure to hold that in his left and the necklace in his right so his hands would have something else to do besides himself. He raced out of the bedroom and down the hall. There were the six rooms up here; the one he had just been in, the bathroom where their employer lay dead in the bathtub by her own hand, and then four others. Jack doubted Sheila was in the bathroom with the dead body. But where was she? Sheila? That loud moan again, and... laughter? Was she laughing? Down in the last room on the right. The spare room

that had been listed as storage on their floor plan. He went to that room, his cock a hard and stiff and distracting rod thrusting in front of himself as he walked. Peering around the door to that room, he found a piled collection of boxes, plastic containers of folded clothes against one wall, and in the middle of the room, a pile of layered painters drop cloths. And on those cloths, Sheila writhed, naked, her legs squirming, both her hands at her crotch, two fingers from each playing inside herself, jerking her clit, dipping deeply into her wet pussy. Her eyes were closed, and the smile on her face became sheer ecstasy as he watched her orgasm from her own personal touch. She heard Jack come into the room. She tried to say something to him, but it was lost in the explosion of pure pleasure she had just created inside her warm cleft where her fingers touched every spot that even Jack had trouble finding but that she knew how to stroke and touch and if she pushed right here while she twisted her clit like this then...then...THEN! OH! she screamed, rocked by another hard release. Some part of her was watching this happen, leering at how she was sexing herself so completely, like she was peeping at herself and she couldn't stop and she didn't want to, but she did, and she knew it wasn't her doing this, but she couldn't stop, and her fingers touched everywhere, again, and... Damn! She bit her lip hard enough to draw a tiny bit of blood, and the pain mixed into the pleasure of it, and she was so exhausted now her legs were trembling. WARNING: This 4000+ word paranormal erotic short story contains graphic sex between two coworkers possessed by ghost lovers in a haunted house!
